EXHIBIT B - PLANNED DEVELOPMENT STANDARDS Z0426-0449

This Planned Development Multifamily (“**PD-MF**”) district must adhere to all conditions of the Mesquite Code of Ordinances, including but not limited to the Mesquite Zoning Ordinance (“**MZO**”), as amended, and adopts the A-1 zoning district as the base district standards consistent with the Concept Plan attached hereto and incorporated herein as Exhibit C, and the standards as identified below, which apply to this PD-MF district. Where these regulations conflict with or overlap with another ordinance, this PD ordinance will control. In the event of a conflict between the PD conditions herein, and Exhibit C, the PD conditions control.

A. Permitted Land Uses. The Uses in the PD-MF are limited to those permitted in the Multifamily (“**A**”) district, as amended, and subject to the following.

1. Any land use requiring a Conditional Use Permit (“**CUP**”) in the A zoning district, as amended, is only allowed if a CUP is issued for the use.
2. Any land use prohibited in the A zoning district, as amended, is also prohibited.

B. Development Standards. Development is subject to the A-1 based zoning district, except as provided in this article below:

1. The site plan shall be consistent with the Concept Plan as shown in Exhibit C and shall comply with the applicable development regulations in the MZO and Mesquite Code of Ordinances. Deviations from the Concept Plan may be permitted to comply with the Mesquite Engineering Design Manual, Building and Fire Codes, as amended, provided that the development complies with all requirements of this ordinance.
2. The maximum number of stories is two.
3. A minimum of 25% of the required trees in MZO Section 1A-202.A.2 must be placed between the building and the front or exterior side property lines.
4. Parking: 2 spaces per unit
5. The maximum number of residential units allowed is 277. All units may be three- or four-bedroom units, provided that no more than 50% of the total number of units are four-bedroom.
6. Access to the dwelling units is not required from an interior hallway.

7. Carport columns shall be painted to match and be complementary to the primary residential building color scheme.
8. The site area with the 20-foot sanitary sewer easement that falls outside the floodplain contributes toward the minimum open space requirements.
9. Pervious grass areas at the back of townhome-style residential units contribute to the minimum on-site usable open space requirement, irrespective of the minimum dimensional requirements of MZO Section 2-501 H.1.
10. In addition to the amenities listed in MZO Section 2-501 H.2, the following amenities count toward the minimum outdoor amenity requirement of Group A: dog parks; Group B: cornhole or similar yard game. To qualify as an outdoor amenity, yard games must be incorporated into an amenitized area and may not consist solely of standalone yard game equipment.
11. In addition to the amenities listed in MZO Section 2-501 I., the following amenities count toward the minimum indoor amenity requirement: Yoga room, and a support services room (as defined below).
 - i. Support Service Room is defined as an interior room or suite within a multifamily development, accessible to residents, that is designed and used to provide on-site supportive services to residents, including but not limited to social services coordination, health and wellness screening, case management, educational or job-training programming, or similar resident support programming. A support service room does not include leasing or management offices, maintenance or custodial space, mechanical or utility rooms, storage areas, or corridors and lobbies not otherwise designed for programmed use.
12. The Director shall have the authority to determine whether a proposed room or space qualifies as a support service room and shall likewise determine whether other proposed outdoor and indoor amenities satisfy the multifamily amenity requirements of this ordinance.
13. Security fencing and gates are not required but are permitted per MZO Section 2-501 G.2.

14. Security. Key vehicular access points and parking areas, common building access points, stairwells, trash enclosures, and amenity areas will be illuminated and will have operational video surveillance. Lighting shall be shielded, downward facing.
15. Exposed mechanical units visible from a public street shall be screened with either 1) a solid wood fence with planting shrubs or ornamental grasses, or 2) a living screen consisting of a combination of shrubs, or ornamental or evergreen trees and ornamental grasses.
16. All fencing shall be maintained in a like-new manner, meaning any portion of fencing showing signs of deterioration, broken or missing panels, or that creates a safety hazard, shall be replaced.
17. The perimeter fence and screening shall be installed as shown in the diagram below in accordance with the adopted standards in City Code.
