I INTRODUCTION

The Heartland Town Center Public Improvement District (the "PID") was created on December 18, 2017, by Resolution No. 80-2017 of the City of Mesquite (the "City") in accordance with the Public Improvement District Assessment Act, being Chapter 372 of the Texas Local Government Code (the "PID Act") to finance and/or reimburse the costs of certain public improvements (the "Projects" or "Improvements") for the benefit of the property in the PID. A Service and Assessment Plan (the "Service and Assessment Plan" or "SAP") was subsequently prepared at the direction of the City identifying the Projects and their estimated costs, the manner of assessing the property in the PID for the costs of the Projects, and the indebtedness to be incurred. Following a public hearing held on August 20, 2018, which continued to September 4, 2018, the City accepted and approved the Service and Assessment Plan and levied assessments with the adoption of Ordinance No. 4596. The \$5,410,000 PID Phase #1 Project Special Assessment Revenue Bonds, Series 2018 (the "Series 2018 Phase #1 Bonds") were issued on September 4, 2018, pursuant to Ordinance No. 4597 adopted by the City Council on September 4, 2018. The \$1,835,000 PID Phase #2 Major Improvement Project Special Assessment Revenue Bonds, Series 2018 (the "Series 2018 Phase #2 Major Improvement Bonds") were issued on September 4, 2018, pursuant to Ordinance No. 4598 also adopted by the City Council on September 4, 2018, (collectively the "Series 2018 Bonds"). Capitalized terms, unless defined herein, shall have the definition as set forth in the SAP.

Additionally, the City intends to use a portion of the TIRZ #11 Revenues to reduce the Annual Installment for all Assessed Property in the PID. TIRZ #11 was created on December 18, 2017, by Ordinance No. 4532. The process for determining and applying TIRZ Credits is further discussed in **Section V.B** and the Credits to Assessed Property are reflected in **Appendix D**.

Pursuant to **Sections 372.013 and 372.014** of the PID Act and the ordinance approving this Annual Service Plan Update to the Service and Assessment Plan (the "Annual Service Plan Update"), the Service and Assessment Plan is to be reviewed and updated annually in August of each year or as soon thereafter practical and is to include an Assessment Plan.

II PROPERTY INCLUDED IN THE PID

The PID is located within the City of Mesquite and contains approximately 121.282 acres of land. A conceptual map of the property within the PID is shown below. At completion, the PID is expected to consist of 450 single-family residential units, landscaping, and the infrastructure necessary to provide roadways, drainage, and utilities to property within the PID. The number of lots (450) and classification of each lot are based upon the proposed development plan.

III DESCRIPTION AND COST OF THE AUTHORIZED IMPROVEMENTS

The costs of the Authorized Improvements include the costs of the Major Improvements, which benefit all Phases, and the Phase #1 Specific Improvements, which only benefit Phase #1. Phase #2 Specific Improvements are anticipated to be financed through a future bond issuance, but are not yet incorporated into the Service and Assessment Plan.

The Authorized Improvements are generally described as follows and are constructed in accordance with the Development Agreement, the plans and specifications approved by the City, Kaufman MUD, applicable local ordinances to the extent not modified by the City in writing, applicable state and federal regulations, and good engineering practices.

- **Roadway Improvements** – The roadway improvements are public road improvements, including construction, excavations, concrete, reinforcing steel, asphalt, lime, sidewalks, signs, and lightings. The roadway improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City.
- **Water Improvements** – The water improvements include water mains, trench excavation and embedment, dewatering, trench safety, PVC piping, bore, valves, ground storage, pumps, fire hydrants, thrust restraint devices, service connections, and testing. The water improvements will be designed and constructed in accordance with City and Texas Commission on Environmental Quality (“TCEQ”) standards and specifications and will be owned and operated by the Kaufman MUD.
- **Sanitary Sewer Improvements** – The sanitary sewer improvements include sewer mains, manholes, trench excavation and embedment, dewatering, trench safety, and PVC piping. The sanitary sewer improvements will be designed and constructed in accordance with City and TCEQ standards and specifications and will be owned and operated by the Kaufman MUD.
- **Storm Drainage Improvements** – The drainage improvements include storm sewer mains, inlets, earthen channels, swales, excavation and embedment, dewatering, trench safety, grade inlets, RCP piping and hoses, headways, concrete flumes, rock rip rap, and concrete outfalls. The drainage improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City.

A.1 Descriptions and Costs of Phase #1 Specific Improvements

The Phase #1 Specific Improvements are the Authorized Improvements that are allocable to and benefit only Phase #1 Assessed Property within the PID. A portion of the Phase #1 Specific Improvements will be financed with the Phase #1 Bonds, and the remaining portion will be financed with the PID Reimbursement Agreement.

The Phase #2 Major Improvements will be financed with the Phase #2 Major Improvement Bonds.

The PID Act requires the service plan to cover a period of at least five (5) years and define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the 5-year period. A portion of the costs of construction of the Phase #1 Improvements will be financed with the Phase #1 Bonds (with the remaining portion financed by the Developer and reimbursed pursuant to the PID Reimbursement Agreement), and the costs of construction of the Phase #2 Major Improvements will be financed with the Phase #2 Major Improvement Bonds.

After all or a portion of the Phase #1 Improvements and Phase #2 Major Improvements are constructed, it is anticipated that the construction of the Phase #2 Specific Improvements will subsequently take place. The costs of construction of the Phase #2 Specific Improvements is expected to be financed with additional PID Bonds.

The sources and uses of funds shown in **Table IV-1** shall be updated each year in the Annual Service Plan Update to reflect any budget revisions and changes to Actual Costs. V ASSESSMENT PLAN

For purposes of the PID, the City Council has determined that the costs of the Authorized Improvements shall be allocated as described below:

- The Authorized Improvement costs shall be allocated on the basis of the size of the lots and their estimated value once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the such improvements to lots similarly benefited.
- The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken in to consideration: (i) the type of development (i.e., residential, commercial, etc.); (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes; (iii) current and projected home prices provided by the Owner; (iv) the Authorized Improvements to be provided and the estimated costs; and (v) the ability of different property types to utilize and benefit from the improvements.
- The Assessed Property is classified into different Lot Types as detailed in **Tables V-2** and **V-3** based on the type and size of proposed development on each lot.
- Equivalent Units have been calculated for each Lot Type based on the relative value of each Lot Type.
- The Major Improvement costs are proportionally allocated to the Phase #1 Assessed Property and the Phase #2 Assessed Property based on the ratio of total Equivalent Units estimated for the Phase #1 Assessed Property and the Phase #2 Assessed Property. This results in an allocation of 47.80% of the costs of the Major Improvements to Phase #1 and an allocation of 52.20% of the costs of the Major Improvements to Phase #2.
- The Phase #1 Improvement costs (which include the Phase #1 Specific Improvements and the Phase #1 Major Improvements) are allocated to each lot within the Phase #1 Assessed Property based on the size of the lot.

Table V-1 identifies the allocation of costs for the Major Improvements which benefit all phases.

At this time, Assessed Property will only be assessed for the special benefits conferred upon the property due to the Phase #1 Improvements (which include the Phase #1 Specific Improvements and Phase #1 Major Improvements) and the Phase #2 Major Improvements.

A Allocation of Costs to Assessed Property

The Authorized Improvements will provide a special benefit to property within the PID. Accordingly, the estimated Authorized Improvement Costs must be allocated to Assessed Property in the PID in a reasonable manner. **Table V-1**, below, summarizes the allocation of the Major Improvements costs. The costs shown in **Table V-1** are estimates and may be revised in Annual Service Plan Updates. The assigned Assessments for Phase #1 Bonds and Phase #2 Major Improvement Bonds, identified in **Tables V-2** and **V-3**, may not, however, be increased without either (i) notice and a public hearing as required under the Act or (ii) a prepayment, as set forth in **Section VI.A**.

Table V-1: Allocation of Major Improvement Costs

Public Improvements	Total Costs	Phase #1		Phase #2	
		% Allocation	Share of Costs	% Allocation	Share of Costs

A.1 Assessment Methodology for Phase #1 Improvements

For purpose of this SAP, the City Council has determined that the estimated costs of the Phase #1 Improvements, which include the Phase #1 Specific Improvements and the Phase #1 Major Improvements, shall be allocated to Phase #1 Assessed Property by spreading the entire Assessment across the Phase #1 Assessed Property based on the estimated Equivalent Units as calculated and shown in **Table V-2** using the types and number of lots anticipated to be developed on the Phase #1 Assessed Property. Phase #1 Improvements are to be financed with the Phase #1 Bonds and the PID Reimbursement Agreement.

A.2 Assessment Methodology for the Phase #2 Major Improvements

For purpose of this SAP, the City Council has determined that the estimated costs of the Phase #2 Major Improvements shall be allocated to Phase #2 Assessed Property by spreading the entire Assessment across the Phase #2 Assessed Property based on the estimated Equivalent Units as calculated and shown in **Table V-3** using the types and number of lots anticipated to be developed on the Phase #2 Assessed Property. The Equivalent Units calculation reflects the expected home price on each lot according to Lot Type. Phase #2 Major Improvements are to be financed with the Phase #2 Major Improvement Bonds.

B TIRZ Annual Credit Amount

The City Council, in accordance with TIRZ Ordinance No. 4777 and the Heartland Town Center Development Agreement, has agreed to use a portion of TIRZ Revenues generated (the "TIRZ Annual Credit Amount") to reduce the Annual Installment for all Assessed Property based on the desire of the City Council to maintain a competitive, composite equivalent ad valorem tax rate taking into consideration the tax rates of all applicable taxing units and the equivalent tax rate of the Annual Installments of the Assessments based on assumed improvement values.

1. The Annual Installment for a Parcel shall be calculated from the previous tax year's TIRZ Revenues then on deposit in the "Residential Account" of the TIRZ No. 11 Tax Increment Fund, but in no event shall the TIRZ Annual Credit Amount exceed the amounts shown in Paragraph 2 immediately below for each Parcel (i.e., TIRZ Revenues collected in 2020 shall be applied as the TIRZ Annual Credit Amount applicable to Annual Installments to be collected in 2021).
2. The TIRZ Annual Credit Amount available to reduce the Annual Installment for a Parcel was calculated based on the TIRZ increment intended to offset a portion of Assessments levied against Residential Property within the PID, as identified in Development Agreement. Sixty-two and one-half percent (62.5%) of the City's collected ad valorem tax increment shall thereby be dedicated to off-set or pay a portion of Assessments levied for the costs of Authorized Improvements, up to the annual amounts specified below and the total amount indicated in the Development Agreement. This is done so that the net total of the Assessment does not produce an equivalent tax rate which exceeds the competitive, composite equivalent ad valorem tax rate taking into consideration the tax rates of all applicable taxing units and the equivalent tax rate of the Annual Installments of the Assessments based on assumed improvement values at the time of the PID Bonds being approved, and this calculation establishes the Final TIRZ Annual Credit Amount for all Lot Types.
 - i. TIRZ Annual Credit Amount for 50' Lot Type: \$1,094
 - ii. TIRZ Annual Credit Amount for 40' Lot Type: \$923
3. The TIRZ Annual Credit Amount available to reduce the Annual Installment for a Parcel located within Phase #2 shall be limited to the amounts shown below until the Phase #2 Specific Improvements are anticipated to be constructed. This is being done to ensure the equitable application of TIRZ Annual Credit Amounts for all Parcels within the PID. As 100% of the Phase #1 Improvements are expected to be constructed over the next eighteen (18) months, parcels within Phase #1 will be eligible to receive 100% of their individual TIRZ Annual Credit Amount. As approximately 25% of the Phase #2 Improvements are expected to be constructed over the next eighteen (18) months (\$1,299,263.04 in Major Improvements/\$1,299,263.04 in Major Improvements + \$4,283,784.00 in Specific Improvements ≈ 25%), parcels within Phase #2 will be eligible to receive

approximately 25% of their individual TIRZ Annual Credit Amount. As the Phase #2 Specific Improvements begin construction and Assessments are levied for such public improvements, Parcels within Phase #2 will become eligible to receive the TIRZ Annual Credit Amounts shown in Paragraph 2, above.

- i. 25% TIRZ Annual Credit Amount for 50' Lot Type: \$274
 - ii. 25% TIRZ Annual Credit Amount for 40' Lot Type: \$231
4. If the application of the TIRZ Annual Credit Amount results in excess TIRZ Revenues available from the Residential Account of the TIRZ Fund, such excess TIRZ Revenues shall be held in a segregated account by the City and shall be used either (i) to prepay a portion of all Assessments on the Assessed Property, on a pro rata basis, and to redeem bonds pursuant to the extraordinary redemption provisions of the Indenture, (ii) to optionally redeem the outstanding PID Bonds on a pro rata basis pursuant to the provisions of the Indenture, or (iii) to be applied in future years in an effort to maintain a level Annual Installment schedule.

If the debt service on issued and outstanding PID Bonds is reduced as the result of an economic refunding of those PID Bonds or as a result of the prepayment of assessments or the redemption of PID Bonds, then there would be a corresponding reduction in both the TIRZ Annual Credit Amount, the Annual Installment owed on the Assessment, and the Assessment lien on each Assessed Property which shall be reflected in a subsequent Annual Service Plan Update.

VI TERMS OF THE ASSESSMENTS

A Payment of Assessments

A.1 Payment in Full

The Assessment for any Assessed Property may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of PID Bonds, the payment amount shall be reduced by the amount, if any, of reserve funds applied to the redemption under the Indenture, net of any other costs applicable to the redemption of PID Bonds as set forth in the applicable Indenture.

If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

If an Assessment is paid in full: (i) the Administrator shall cause the Assessment to be reduced to zero and the Assessment Roll to be revised accordingly; (ii) the Administrator shall cause the revised Assessment Roll to be approved by the City Council as part of the next Annual Service Plan Update; (iii) the obligation to pay the Assessment and corresponding Annual Installments shall terminate; and (iv) the City shall provide the Owner with a recordable notice that the lien on such Assessed Property has been released by the City.

If an Assessment is prepaid in part: (i) the Administrator shall cause the Assessment to be reduced by the amount of such partial prepayment in a manner conforming to the provisions of the Indenture and the Assessment Roll revised accordingly; (ii) the Administrator shall cause the revised Assessment Roll reflecting such partial prepayment to be approved by the City Council as part of the next Annual Service Plan Update; and (iii) the obligation to pay the Assessment and corresponding Annual Installments shall be reduced to the extent the partial payment is made.

A.2 Payment in Annual Installments

The PID Act provides that an Assessment for any Assessed Property may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect principal, interest, Additional Interest, and Administrative Expenses in installments. An Assessment for Assessed Property that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated and provided for herein.

The Assessment Roll sets forth for each year the Annual Installment for each Assessed Property consisting of the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest with respect to the PID Bonds, (iii) amounts due pursuant to the

PID Reimbursement Agreement, if applicable, and (iv) Administrative Expense portion of the Assessments. The Annual Installments may not exceed the amounts shown on the Assessment Roll in **Appendix A**.

The Annual Installments shown on the Assessment Roll shall be adjusted to equal the Actual Costs of repaying the Phase #1 Bonds and the Phase #2 Major Improvement Bonds including Additional Interest, the PID Reimbursement Agreement, and Administrative Expenses. In addition, the City may adopt additional Assessment Roll(s) relating to the Authorized Improvements within the PID and the issuance of future PID Bonds.

The City reserves and shall have the right and option to refund PID Bonds in accordance with **Section 372.027** of the PID Act and the Indenture related to such PID Bonds. In the event of issuance of refunding bonds, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installment so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the debt service on the refunding bonds when due and payable as required by and established in the ordinance and/or the Indenture authorizing and securing the refunding bonds plus interest generated from the Additional Interest rate, and such refunding bonds shall constitute "PID Bonds" for purposes of the SAP.

B Collection of Annual Installments

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually and each Annual Installment shall be delinquent if not paid prior to February 1 of the following year. The Annual Installments relating to the Phase #1 Bonds, the PID Reimbursement Agreement, and the Phase #2 Major Improvement Bonds shall be due when billed and will be delinquent if not paid prior to February 1, 2021.
