The Elections Administrator will be responsible for the appointment for the presiding judge and alternate for each polling location. The Elections Administrator shall arrange for the training, and compensation of all presiding judges and clerks, subject to the approval of each participating authority. Cities that are participating authorities in the election must inform the Elections Administrator if there are any city charter requirements regarding judge or clerk eligibility. The Elections Administrator will send each participating authority an updated version of Attachment "C" which reflects the names of the judges who were sent the letter requesting service for this election, and a final version for Attachment "C" which reflects the names of the judges who actually presided on the day of the election.

Each participating authority will furnish the Elections Administrator a list of candidates showing the order and the exact manner in which their names are to appear on the official ballot. The list will be delivered to the Elections Administrator as soon as possible after ballot positions have been determined by each of the participating authorities. Each participating authority will be responsible for proofreading and approving the ballot insofar as it pertains to that authority's candidates.

The Elections Department will be responsible for having the ballot pages printed, punched, crimped and assembled into ballot booklets and will deliver the proper ballot assemblies, with the votomatics to the voting Precincts.

VIII. PUNCH CARD BALLOTS

The ballot allocation for this election is based on providing enough ballots in every reporting precinct to handle the same turnout as in comparable elections plus 25 percent (25%) of that number, with the final number of ballots ending in a number divisible by 50 (as ballots are packaged in groups of 50) for an original allocation of no less than 50% of the registered voters. Dallas County will provide additional Generic Ballots (emergency ballots) to each Precinct to equal a total ballot allocation of no less than eighty percent (80%) in each precinct.

Approximately 5,000 additional ballots will be available for early voting and for use on election day to respond to any precinct requesting additional ballots.

IX. RETURNS OF ELECTIONS
