2. To enter into an agreement with disposal vendor(s) to provide household hazardous waste services including a series of disposal events and disposal services at the County's fixed-site HHW collection locations. The City recognizes that compensation for vendors under such agreements will be

During the term of the agreement, the City will provide:

1. A sum not to exceed **\$88,271.00** for disposal, setup, operational, capital and transportation costs for HHW collection for residents of the City, during the period from October 1, 2012 through September 30, 2013.

3. A request to the County in writing when the City wishes a collection event to be held within the city's jurisdiction and assistance in obtaining HHW collection site location(s), community support, volunteers, and volunteer amenities for the requested event.

family households served and using single-family household projections from the North Central Texas Council of Governments. The Operational and Capital Budgets will be determined by the County and the HHW Network. No City will be obligated to incur expenses without their prior knowledge and approval.

V. HHW NETWORK RESPONSIBILITIES

Under the Bylaws of the HHW Network as included in Exhibit B2013, the HHW Network will:

1. Provide guidance and direction to the Program Manager in the selection of a HHW disposal contractor, in identifying and selecting waste disposal options, in advertising HHW collections, and in developing and implementing a HHW public awareness program.

3. Provide guidance and direction to the Program Manager in scheduling community HHW collection events. The HHW Network will attempt to honor all requests from member cities wishing to host a community HHW collection event. 4. Pay for all routine maintenance at the Home Chemical Collection Center and be responsible for capital additions necessitated by program operations.

VI. LIABILITY

To the extent allowed by law, and without creating a sinking fund, the County agrees to be responsible for any liability or damages the County may suffer as a result of claims, demands, costs or judgments against the County, including workers' compensation claims, arising out of the performance of the work and services under this agreement, or arising from any accident, injury or damage, whatsoever, to any person or persons, or to the property of any person(s) occurring during the performance of this agreement which are caused by the sole negligence of the County, its agents, officers and/or employees. To the extent allowed by law, and without creating a sinking fund, the City agrees to be responsible for any liability or damages the City may suffer as a result of claims, demands, costs or judgments against the City, including workers' compensation claims, arising out of the performance of the work and services under this agreement, or arising from any accident, injury or damage, whatsoever, to any person or persons, or to the property of any

person(s) occurring during the performance of this agreement which are caused by the sole negligence of the City, its agents, officers and/or employees.

County and City agree that any such liability or damages as stated above occurring during the performance of this agreement caused by the joint or comparative negligence of their employees, agents and officers will be determined in accordance with the comparative responsibility laws of the State of Texas.

This agreement is made solely for the benefit of the parties, and nothing herein will be construed as granting any rights or cause of action to any third party. This agreement is made subject to the County's and City's sovereign immunity, Title 5 of the Texas Civil Practice and Remedies Code and the Texas Tort Claims Act.

VII. RENEWAL, CANCELLATION AND AMENDMENTS

This agreement may be renewed on October 1 of each year for four additional one-year terms. Either party may withdraw from this agreement at any time without cause, provided that it has notified the other party in writing at least sixty (60) days prior to its intended withdrawal date. Amendments may be made to this Agreement only upon written approval by both parties.

Notwithstanding anything to the contrary herein, County's obligations contained in this Agreement and any extension hereto are expressly contingent upon the availability of funding for each item and obligation. Neither the State of Texas nor any City or any other person or entity will have any cause of action against the County of Dallas regarding this Agreement in the event that the County is unable to fulfill its obligations under this Agreement as a result of the lack of sufficient funding from any source utilized to fund this Agreement or failure of any funding party, including the County, to budget or authorize funding for this Agreement during the current or future fiscal years. In the event of insufficient funding by County or any other funding source, or if funding for this Agreement is terminated, limited, suspended or withdrawn, or if funds become unavailable in whole or part, the County, at its sole discretion, will have the right, but not the obligation, to terminate County's obligations herein and withdraw from this Agreement with at least sixty (60) days prior written notice to the other Network parties. Nothing herein will prevent the County, in its sole discretion, from providing funding from a separate source.

VIII. PAYMENT

The City, once receiving an invoice from the County for services rendered (operational, disposal, capital, set up, and/or transportation costs), must provide payment within thirty (30) days to the County as per this agreement and any addendum(s) to this agreement. Cities which fail to transmit payment(s) within thirty (30) days will be charged interest on any overdue payment(s) based on Section 2251.025 of the Texas Government Code. Disputes should be directed to the HHW Program Manager. Interest charges on

disputed amounts will be suspended until an accurate figure has been documented and re-submitted to the City by HHW staff. Upon written request from the City, invoices from the County must be accompanied by copies of all participant surveys and/or other backup documents relevant to the invoice. Payments required under this agreement must be in amounts that fairly compensate the performing party for the services or functions performed and shall be made from current revenues available to the paying party.

IX. AMENDMENTS AND CHANGES IN THE LAW:

No modification, amendment, innovation, renewal or other alteration of this Agreement will be effective unless mutually agreed upon in writing and executed by the parties hereto. Any alteration, addition or deletion to the terms of this Agreement which are required by changes in federal or State law are automatically incorporated herein without written amendment to this Agreement and will be effective on the date designated by said law. Provided, however, that if the change in federal or State law renders the basic purposes of this Agreement illegal, invalid or unenforceable then either party may, upon written notice to the other, terminate this agreement, and the parties agree to enter into good faith negotiations to replace this Agreement with an agreement as similar to the terms and conditions of this Agreement as legally permissible.

X. SEVERABILITY:

If any provision of this Agreement is construed to be illegal or invalid, this will not affect the legality or validity of any of the other provisions herein. The illegal or invalid provision will be deemed stricken and deleted, but all other provisions will continue and be given effect as if the illegal or invalid provisions had never been incorporated.

XI. SIGNATORY WARRANTY:

This agreement has been authorized by the City through a duly enacted resolution passed by the City Council. The person or persons signing and executing this Agreement on behalf of City, or representing themselves as signing and executing this Agreement on behalf of City, do hereby warrant and guarantee that he, she or they have been duly authorized by City to execute this Agreement on behalf of City and to validly and legally bind City to all terms, performances and provisions herein set forth.

TITLE: City Manager

Scope of Services

Overview

For the term of this agreement, Dallas County proposes to operate a Household Hazardous Waste (HHW) disposal program on behalf of the participating cities of the Dallas Area Household Hazardous Waste Network (HHW Network). To accomplish this, the County will continue to use the HHW Network as multi-jurisdictional guidance to the HHW Program Manager in order to maintain an efficient and jurisdictionally sensitive collection program.

As the nucleus of a management structure, the County, through Interlocal Agreements with participating cities, will continue to direct and manage the planning, coordination, and implementation of the HHW Network and HHW collection program. The HHW Network will function as an advisory board and will consist of representatives from participating cities, environmental or other relevant citizen interest groups, Texas Cooperative Extension Service, and Dallas County. County staff will provide project governance and oversight.

Strategy

Each spring and fall, the HHW program will target a series of temporary collection sites throughout the participating area, as selected by participating cities in the HHW Network, for one-day community collection events. The participating cities will select the days of the events. The County will oversee the operation of a fixed-site HHW Collection Center for year-round access in addition to the aforementioned collection events. The County may provide transportation of materials between the Collection Center and city-owned satellite collection stations that are available to all participating cities as an adjunct to the Collection Center.

Each city will be able to participate in each of the one-day community collection events. Each event will be held on a different day, at a different location, as determined by the HHW Network. Residents of each participating city also can use the Collection Center on a year-round basis.

For all one-day community collection events, the HHW Program Manager and staff will coordinate scheduling, vendor services, equipment, supplies, advertising, and labor for onsite activities. The host city will provide for traffic control and site security, and will have an onsite City representative for the duration of any collection held within its jurisdiction. The host city will also assist in providing volunteers and volunteer amenities. The County will negotiate the disposal or diversion of HHW on behalf of the HHW Network participants, according to the criteria established by the HHW Network.

Dallas County will provide office space, a Home Chemical Collection Center site, project management, and a mobile unit. The HHW Program Manager and staff must be County employees, whose salaries and benefits are funded by the participating cities

and/or through grants. All disposal, set up, and transportation costs will be funded by the participating cities, based on participation rates. All operating costs, including personnel, facility and equipment maintenance, advertising, supplies, services, and other operational costs will be funded by the participating cities proportionally, based on the most current single-family population figures from the North Central Texas Council of Governments. Program enhancements and capital additions necessitated by program operations will be the responsibility of the HHW Network and funded by the participating cities and/or by grants. All satellite collection centers must be owned and staffed by the host city and available to residents of all HHW Network cities. All satellite station costs for operations, personnel, and facility maintenance will be funded by the host city. Vehicles and supplies for handling and packing will be provided by the HHW Network through funding for the HHW Program.

All overhead for the Household Hazardous Waste Program and Home Chemical Collection Center will be funded through the HHW Network operating and capital budgets. Each participating city must provide the County with funds to cover its collection, disposal, transportation and setup costs within thirty (30) days of receiving an invoice from the County.

Operational and capital costs will be paid quarterly in advance. The city will pay a percent of the operational and capital costs equivalent to its percent of the total of single-family households in all participating cities. Single-family household totals will be acquired from statistics published by the North Central Texas Council of Governments. Collection center disposal costs will be billed to the city at the end of each billing period, according to the number of residents participating during the billing period. Satellite station disposal costs will be billed to the city at the end of each billing period, applying the Collection Center billing rate to the number of residents using the Satellite. Collection event costs, including setup, disposal, transportation, etc., will be billed after each event, according to the number of residents participating at the event. The County, as signatory on all contracts, will pay the HHW disposal contractor and all other vendors with the funds received from the cities.

If, at any time, it appears that a city lacks sufficient funding to complete the contract year, the city must choose one of the following options:

- The city may cap its costs, and no longer pay for its residents to drop off their waste at the collection center or future one-day events to be held within the term of the agreement; or
- The city may decide to continue to allocate funds and allow its residents to participate in the collection center and future events to be held in the agreement year. *

* If a city decides to continue to fund costs for its residents above the sum provided for in its Interlocal Agreement with the County, then the city must provide the County with a letter of agreement as an addendum to the Interlocal Agreement whereby the city is contractually obligated to pay the County any additional costs for HHW collection during

the period in which it wishes to extend its payment obligations and specifies a new not-to-exceed budget limit.

If a city does not make a provision to cover a cost overrun, and the city reaches its contractual limit (as provided for in the Interlocal Agreement or its addendum(s)), subsequent participants from that city must pay their own collection fees in order to dispose of their HHW at the collection center or community collection event sites until an addendum is added to the agreement to cover additional costs. This fee will be calculated from the most recent average collection cost per household or from actual disposal costs, whichever is greater.

Program Objectives

The ultimate objective of the HHW program is to minimize or eliminate the disposal of HHW in area landfills and storm water sewers through reuse/recycling, education and collection/disposal. Toward this end, this program will:

1. Operate a year-round collection center and a series of one-day community collection events each spring and fall throughout Dallas County, serving at least 9,000 households annually.
2. Provide HHW Network cities an opportunity and forum to address storm water pollution and HHW issues.
3. Involve as many cities as possible in the HHW Network.
4. Establish a precedent in Dallas County for handling HHW through a regional approach that will serve as a model for other multi-jurisdictional areas.
5. Educate the public as to alternatives, wise purchasing, and safe disposal through the use of as many of the following as possible: internet sites, utility bill stuffers, newspaper, television & radio public service announcements, contact with local environmental groups, trade show exhibits, presentation at schools, neighborhood organization meetings, service organizations, etc.
6. Gather data regarding citizen interest as well as types and amounts of HHW diverted from the waste stream by surveying collection participants.
7. Divert a substantial amount of HHW from municipal landfills.
8. Involve local businesses, especially those connected with the manufacture or sales of HHW generating products.
9. Involve local environmental groups, Dallas County Public Health Advisory Committee, Dallas County Health Dept., Texas Cooperative Extension Services, and the Southwest Institute of Forensic Sciences.

Special Training Requirements

Dallas County, as Operator, will be responsible for providing personnel at all collection locations. Those personnel may be county, city, volunteer, or contract personnel. The County will ensure that all personnel involved in collection activities have received training appropriate to their duties as specified in TAC 335.408.

All citizen volunteers must attend a brief onsite orientation session prior to assisting with collection activities. This orientation will be provided by Dallas County HHW Program staff. Citizen volunteers will be restricted from entering areas where hazardous materials are handled, and their activities will be limited to taking surveys, distributing educational literature, processing non-hazardous recyclables and assisting with traffic control.

Records and Reporting

The Program Manager and staff must prepare quarterly progress reports for the County, HHW Network, and relevant grant agencies. Financial reports and progress reports must be presented at least quarterly and in accordance with grant requirements. Financial records, contacts, and data from the collection surveys must be computerized. A final report must be presented within 90 days of the end of each collection event, fiscal quarter, and fiscal year. The final report must include the results of surveys taken from participating citizens and participating cities to gather data including frequency of use and materials collected.

Program Goals

- Participation by at least 9,000 of the area households annually
- Participation by at least 50% of the cities in the County
- Increase public outreach to households in participating cities
- Coverage by general circulation newspaper and/or broadcast media
- Involvement of the community at all levels; government, industry, and citizens
