(a) *Advisability of the Proposed Improvements.* It is advisable to create the District to provide the Authorized Improvements (as described below). The Authorized Improvements are feasible and desirable and will promote the interests of the City and will confer a special benefit on the Property.

(b) *General Nature of the Authorized Improvements.* The general nature of the proposed public improvements (collectively, the "Authorized Improvements") may include: (i) street and roadway improvements, including related sidewalks, drainage, utility relocation, signalization, landscaping, lighting, signage, off-street parking and right-of-way; (ii) establishment or improvement of parks and open space, together with the design, construction and maintenance of any ancillary structures, features or amenities such as trails, playgrounds, walkways, lighting and any similar items located therein; (iii) sidewalks and landscaping, including entry monuments and features, fountains, lighting and signage; (iv) acquisition, construction, and improvement of water, wastewater and drainage improvements and facilities; (v) projects similar to those listed in subsections (i) - (iv) above authorized by the Act, including similar off-site projects that provide a benefit to the property within the District; (vi) special supplemental services for improvement and promotion of the District; (vii) payment of costs associated with operating and maintaining the public improvements listed in subparagraphs (i) - (vi) above; and (viii) payment of costs associated with developing and financing the public improvements listed in subparagraphs (i) - (vi) above, and costs of establishing, administering and operating the District. These Authorized Improvements shall promote the interests of the City and confer a special benefit upon the Property.

(c) *Estimated Costs of the Authorized Improvements and Apportionment of Costs.* The estimated total costs of the Authorized Improvements is \$30,000,000.00, plus costs of operating, maintaining and administering the District, which costs shall be paid by assessment of the property owners within the proposed District. The developer of the Property (the "Developer") will be obligated for the costs of certain specified Authorized Improvements within the District. The City will not be obligated to provide any funds to finance the Authorized Improvements, other than from assessments levied on real property within the District, and possible tax increment reinvestment zone revenue, if created. The City and the Developer may be reimbursed for the costs of certain specified Authorized Improvements from assessments

levied within the District. The Developer may also pay certain costs of the Authorized Improvements from other funds available to the Developer.

(d) *Boundaries of the District.* The District shall include approximately 822.1 acres of land generally located South of FM 740, West of FM 2757 and North of Kelly Road, in Kaufman County, Texas, located within the ETJ of the City, as more particularly depicted in Exhibit "B" attached hereto, and as more properly described by metes and bounds in Exhibit "A" attached hereto.

(e) *Proposed Method of Assessment.* The City shall levy an assessment on each parcel of the Property within the District in a manner that results in imposing equal shares of the costs on property similarly benefited. All assessments, including interest, may be paid in full at any time, and certain assessments may be paid in annual installments, with interest. If an assessment is allowed to be paid in installments, then the installments must be paid in amounts necessary to meet annual costs for those Authorized Improvements financed by the assessments, and must continue for a period necessary to retire the indebtedness for those Authorized Improvements (including interest).

(f) *Management of the District.* The District shall be managed by the City, with the assistance of a consultant, who shall, from time to time, advise the City regarding certain operations of the District.

(g) *Advisory Board.* The District shall be managed without the creation of an advisory body.

SECTION 4. That the Polo Ridge Public Improvement District is hereby authorized and created as a public improvement district under the Act in accordance with the findings of the City Council as to the advisability of the Authorized Improvements contained in this Resolution, the nature and the estimated costs of the Authorized Improvements, the boundaries of the District, the method of assessment, and the apportionment of costs as described herein; and the conclusion that the District is needed to fund such Authorized Improvements.

SECTION 5. That after adoption of this Resolution, the City Secretary is authorized and directed to cause a copy of this Resolution to be published in a newspaper of general circulation in the City and in a newspaper of general circulation in the part of the extraterritorial jurisdiction of the City in which the Polo Ridge Public Improvement District is to be located.

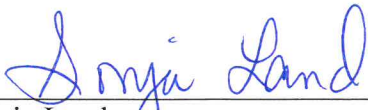

SECTION 6. That if any portion of this Resolution shall, for any reason, be declared invalid by any court of competent jurisdiction, such invalidity shall not affect the remaining provisions hereof and the City Council hereby determines that it would have adopted this Resolution without the invalid provision.

SECTION 7. That this Resolution shall be in full force and effect from and after its passage and publication as required by law.
