- (xi) Projects similar to those listed in Subdivisions (i)-(x);
- (xii) Acquisition, by purchase or otherwise, of real property in connection with a public improvement;
- (xiii) Special supplemental services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, public safety, security, business recruitment, development recreation, and cultural enhancement;
- (xiv) Payment of expenses incurred in the establishment, administration, and operation of the district; and
- (xv) The development, rehabilitation, or expansion of affordable housing.

After analyzing the public improvement projects authorized by the PID Act, the City has determined that the Authorized Improvements described in **Section III.B** of this SAP should be undertaken by the City. At this time, however, only the Major Improvements and the Phase #1 Specific Improvements will be financed with PID Bonds issued in 2018 and the PID Reimbursement Agreement between the City and the Owner.

B. Descriptions and Estimated Costs of the Authorized Improvements

The costs of the Authorized Improvements, shown in **Table III-A**, include the costs of the Major Improvements which benefit all Phases, the Phase #1 Specific Improvements which only benefit Phase #1, and the Phase #2 Specific Improvements which only benefit Phase #2. These figures are estimates and may be revised in subsequent Annual Service Plan Updates.

The Authorized Improvements are generally described as follows and are constructed in accordance with the Development Agreement, the plans and specifications approved by the City, Kaufman MUD, applicable local ordinances to the extent not modified by the City in writing, applicable state and federal regulations, and good engineering practices.

- **Roadway Improvements** – The roadway improvements are public road improvements including construction, excavations, concrete, reinforcing steel, asphalt, lime, sidewalks, signs, and lightings. The roadway improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City. The costs of the roadway improvements are set forth in **Table III-A**, below.
- **Water Improvements** – The water improvements include water mains, trench excavation and embedment, dewatering, trench safety, PVC piping, bore, valves, ground storage, pumps, fire hydrants, thrust restraint devices, service connections, and testing. The water improvements will be designed and constructed in accordance with City and Texas Commission on Environmental Quality (“TCEQ”) standards and specifications and will be owned and operated by the Kaufman MUD. The costs of the water improvements are set forth in **Table III-A**, below.
- **Sanitary Sewer Improvements** – The sanitary sewer improvements include sewer mains, manholes, trench excavation and embedment, dewatering, trench safety, and PVC piping. The sanitary sewer improvements will be designed and constructed in accordance with City and TCEQ standards and specifications and will be owned and operated by the Kaufman MUD. The costs of the sanitary sewer improvements are set forth in **Table III-A**, below.
- **Storm Drainage Improvements** – The drainage improvements include storm sewer mains, inlets, earthen channels, swales, excavation and embedment, dewatering, trench safety, grade inlets, RCP piping and hoses, headways, concrete flumes, rock rip rap, and concrete outfalls. The drainage improvements will be designed and constructed in accordance with City standards and specifications and will be owned and operated by the City. The costs of the drainage improvements are set forth in **Table III-A**, below.

(a) Major Improvements and Specific Improvements, as defined in Section I this SAP, are Authorized Improvements approved by the PID Act.

As mentioned in **Section II.B**, additional PID Bonds may be issued to finance the Phase #2 Specific Improvements in future years. As PID Bonds are issued for the Phase #2 Specific Improvements, this Service and Assessment Plan will be updated to identify the costs of the Specific Improvements financed by such PID Bonds that benefit Phase #2 (i.e., tables will be updated to show the estimated costs for the Phase #2 Specific Improvements).

C. Descriptions and Costs of Phase #1 Specific Improvements

The Phase #1 Specific Improvements are the Authorized Improvements that are allocable to and benefit only Phase #1 Assessed Property within the PID. The costs of the Phase #1 Specific Improvements are shown in **Table III-B**. These costs are estimates and may be revised in Annual Service Plan Updates. A portion of the Phase #1 Specific Improvements will be financed with the Phase #1 Bonds, and the remaining portion will be financed with the PID Reimbursement Agreement. Savings from one line item may be applied to a cost increase in another item, as approved by the City, and these savings may only be applied to increases in costs of the public improvements authorized by the PID Act.

IV. SERVICE PLAN

The PID Act requires the service plan to cover a period of at least five (5) years and define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five-year period. It is anticipated that it will take approximately eighteen (18) months for the Phase #1 Improvements (which include the Phase #1 Specific Improvements and the Phase #1 Major Improvements) to be constructed and eighteen (18) months for the construction of the Phase #2 Major Improvements. A portion of the costs of construction of the Phase #1 Improvements will be financed with the Phase #1 Bonds (with the remaining portion financed with the PID Reimbursement Agreement), and the costs of construction of the Phase #2 Major Improvements will be financed with the Phase #2 Major Improvement Bonds.

After all or a portion of the Phase #1 Improvements and the Phase #2 Major Improvements are constructed, it is anticipated that the construction of the Phase #2 Specific Improvements will subsequently take place. The costs of construction of the Phase #2 Specific Improvements is expected to be financed with additional PID Bonds.

The estimated costs for the Phase #1 Improvements and the Phase #2 Major Improvements, plus costs related to the issuance of PID Bonds, the PID Reimbursement Agreement, and payment of expenses incurred in the establishment, administration, and operation of the PID is approximately \$8,771,662 as shown in **Table IV-A**, on the following page.

The sources and uses of funds shown in **Table IV-A** shall be updated each year in the Annual Service Plan Update to reflect any budget revisions and Actual Costs. As Phase #2 is developed in connection with the issuance of PID Bonds for the Phase #2 Specific Improvements, this Service and Assessment Plan will be updated.

The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the estimated Authorized Improvement Costs, and updating the Assessment Roll. Any update to this Service and Assessment Plan shall be referred to as an Annual Service Plan Update.

The annual projected debt service and Administrative Expenses for the Phase #1 Improvements and the Phase #2 Major Improvements are shown in **Tables IV-B and IV-C**, respectively. The annual

projected debt service and Administrative Expenses portion of the Assessments are subject to revision and shall be updated in the Annual Service Plan Update to reflect any changes expected for each year provided, however, that any Administrative Expenses charged as part of the Annual Installment shall not exceed the amount set forth in the Assessment Rolls without compliance with the provisions of **Section 372.016** and **372.017** of the PID Act.

V. ASSESSMENT PLAN

A. Introduction

The PID Act requires the City Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property as a result of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited.

The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

The proposed bond issuance program entails a series of bond financings that are intended to finance the public infrastructure required for the development. This financing will necessarily be undertaken in phases to coincide with the private investment and development of the Authorized Improvements. Following the initial Phase #1 Bonds and Phase #2 Major Improvement Bonds to be issued in 2018, subsequent financings (i.e., Phase #2 Specific Improvement Bonds) are to be issued as the single-family units in Phase #2 are constructed.

The purpose of the issuance of bonds in phases is to mirror the actual development of the Authorized Improvements. The Bonds to be issued are most prudently and efficiently utilized when directly coinciding with construction of public infrastructure needed for private development that is to occur once the infrastructure is completed; it is most effective to issue the Bonds when the infrastructure is needed, not before.

Additionally, the phased issuance of PID Bonds will maintain a prudent Value-to-Lien (“VTL”) within the financing program. In order to maintain a prudent VTL, the initial issuance of bonds for a specific portion of Authorized Improvements within a Phase may not fund all of the necessary Authorized Improvements because the property value is not high enough to support the entire debt load at the VTL chosen for the development. In that case, the Owner will need to fund the additional infrastructure costs with cash at closing and will be responsible for any cost overruns which exceed the total budget.

For purposes of this Service and Assessment Plan, the City Council has determined that the costs of the Authorized Improvements shall be allocated as described below:

1. The Authorized Improvement costs shall be allocated on the basis of the size of the Lots and their estimated value once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the such improvements to Lots similarly benefited.
2. The City Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the City Council has taken in to consideration: (i) the type of development (i.e., residential, commercial, etc.); (ii) single family lot sizes and the size of homes likely to be built

on lots of different sizes; (iii) current and projected home prices provided by the Owner; (iv) the Authorized Improvements to be provided and the estimated costs; and (v) the ability of different property types to utilize and benefit from the improvements.

3. The Assessed Property is classified into different Lot Types as detailed in **Tables V-C and V-D** based on the type and size of proposed development on each Lot.
4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.
5. The Major Improvement costs are proportionally allocated to the Phase #1 Assessed Property and the Phase #2 Assessed Property based on the ratio of total Equivalent Units estimated for the Phase #1 Assessed Property and the Phase #2 Assessed Property. This results in an allocation of 47.83% of the costs of the Major Improvements to Phase #1 and an allocation of 52.17% of the costs of the Major Improvements to Phase #2.
6. The Phase #1 Improvement costs (which include the Phase #1 Specific Improvements and the Phase #1 Major Improvements) are allocated to each Lot within the Phase #1 Assessed Property based on the size of the Lot.

Table V-A identifies the allocation of costs for the Major Improvements which benefit all phases.

At this time, Assessed Property will only be assessed for the special benefits conferred upon the property due to the Phase #1 Improvements (which include the Phase #1 Specific Improvements and Phase #1 Major Improvements) and the Phase #2 Major Improvements.

In connection with the issuance of future PID Bonds, this Service and Assessment Plan will be updated to reflect the special benefit each Assessed Property within Phase #2 receives from the Phase #2 Specific Improvements that are allocable only to Phase #2. Prior to assessing Assessed Property located within Phase #2 in connection with issuance of future PID Bonds, each owner of the Assessed Property to be assessed in Phase #2 will acknowledge that the specific Authorized Improvements to be financed confer a special benefit on their Assessed Property and will consent to the imposition of Assessments to pay for the Actual Costs of such Authorized Improvements.

This section of the SAP currently: (i) describes the special benefit received by each Assessed Property within the PID as a result of the Major Improvements and Phase #1 Specific Improvements; (ii) provides the basis and justification for the determination that this special benefit exceeds the amount of the Assessments to be levied on the Phase #1 Assessed Property and Phase #2 Assessed Property for such improvements; and (iii) establishes the methodologies by which the City Council allocates and reallocates the special benefit of the Major Improvements and Phase #1 Specific Improvements to Assessed Property in a manner that results in equal shares of the Actual Costs of such improvements being apportioned to Assessed Property similarly benefited.

The determination by the City Council of the assessment methodologies set forth below is the result of the discretionary exercise by the City Council of its legislative authority and governmental powers and is conclusive and binding on the Owner and all future owners and owners of the Assessed Property.

B. Special Benefit

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in **Section III.A** of this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment of the PID, shown in **Table IV-A**, are authorized by the Act. These improvements are provided specifically for the benefit of the Assessed Property.

Each owner of Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the property and has consented to the imposition of Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Owner has evaluated the potential use of the property and has determined that the highest and best use of the property is the use intended and the legal use for the property for single family residential units as described in **Section II** of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

Each owner of Assessed Property will ratify, confirm, accept, agree to, and approve: (i) the determinations and findings by the City Council and Administrator as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property.

The use of Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the City Council to be the most beneficial and cost-effective means of doing so. The Assessments result in a special benefit to the Assessed Property, and this special benefit exceeds the

amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the City Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property, and provide a special benefit to the Assessed Property;
2. The Authorized Improvements are required for the highest and best use of the Assessed Property, and the highest and best use of the Assessed Property is the construction of single family residential units; and
3. The special benefits to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. Allocation of Costs to Assessed Property

The Authorized Improvements will provide a special benefit to property within the PID. Accordingly, the estimated Authorized Improvement Costs must be allocated to Assessed Property in the PID in a reasonable manner (**Section V.A**). **Table V-A**, below, summarizes the allocation of Major Improvements costs. The costs shown in **Table V-A** are estimates and may be revised in Annual Service Plan Updates. However, the assigned Assessments for Phase #1 Bonds and Phase #2 Major Improvement Bonds, identified in **Tables V-D** and **V-E**, may not be increased without either (i) notice and a public hearing as required under the Act, or (ii) a prepayment, as set forth in **Section VI.D**.

Phase #1 is projected to contain 210 residential units. As shown in **Table V-B**, the total Equivalent Units for Phase #1 is calculated as 201.20. Phase #2 is projected to contain 240 residential units resulting in a total of 219.68 Equivalent Units as shown in **Table V-C**. The Total projected Equivalent Units in the PID is, therefore, calculated to be 420.88 (i.e., 201.20 + 219.68 = 420.88). As a result, 47.80 percent of the estimated costs of Major Improvements (i.e. $201.20 \div 420.88 = 47.80\%$) are allocated to the Phase #1 Assessed Property and 52.20 percent of the estimated costs of Major Improvements (i.e., $219.68 \div 420.88 = 52.20\%$) are allocated to the Phase #2 Assessed Property. The

Phase #1 Bonds and the related PID Reimbursement Agreement will fund the Phase #1 Improvements and the Phase #2 Major Improvement Bonds will fund the Phase #2 Major Improvements. Both the Phase #1 Bonds and the Phase #2 Major Improvement Bonds will be issued in 2018.

D. Assessment Methodology

The estimated costs of the Authorized Improvements may be assessed by the City Council against the Assessed Property so long as the special benefit conferred upon the property by the Authorized Improvements equals or exceeds the Assessments. The estimated costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the costs on Assessed Property similarly benefited.

1. Assessment Methodology for Phase #1 Improvements

For purpose of this SAP, the City Council has determined that the estimated costs of the Phase #1 Improvements, which include the Phase #1 Specific Improvements and the Phase #1 Major Improvements, shall be allocated to Phase #1 Assessed Property by spreading the entire Assessment across the Phase #1 Assessed Property based on the estimated Equivalent Units as calculated and shown in **Table V-B** using the types and number of Lots anticipated to be developed on the Phase #1 Assessed Property. The Equivalent Units calculation reflects the expected home price on each Lot according to Lot Type. Phase #1 Improvements are to be financed with the Phase #1 Bonds and the PID Reimbursement Agreement.

Lot Type	# of Lots	Estimated Assessed Value Per Home ⁽¹⁾	Equivalent Unit Factor	Equivalent Units
50'	155	\$255,000.00	1.00	155.00

(a) See Table V-D for details

The Assessment and Annual Installments for Phase #1 Assessed Property are shown on the Assessment Roll, attached as **Appendix A**, and no Assessment shall be changed except as authorized by this SAP or the PID Act.

2. Assessment Methodology for the Phase #2 Major Improvements

For purpose of this SAP, the City Council has determined that the estimated costs of the Phase #2 Major Improvements shall be allocated to Phase #2 Assessed Property by spreading the entire Assessment across the Phase #2 Assessed Property based on the estimated Equivalent Units as calculated and shown in **Table V-C** using the types and number of Lots anticipated to be developed on the Phase #2 Assessed Property. The Equivalent Units calculation reflects the expected home price on each Lot according to Lot Type. Phase #2 Major Improvements are to be financed with the Phase #2 Major Improvement Bonds.

(a) See Table V-E for details

The Assessment and Annual Installments for Phase #2 Assessed Property are shown on the Assessment Roll, attached as **Appendix A**, and no Assessment shall be changed except as authorized by this SAP or the PID Act.

E. Assessments Allocation

The Assessments for the Phase #1 Bonds, the PID Reimbursement Agreement, and the Phase #2 Major Improvement Bonds will be levied on the Phase #1 Assessed Property and the Phase #2 Assessed Property according to the Assessment Rolls, attached hereto as **Appendix A**. The Annual Installments for the Phase #1 Bonds, the PID Reimbursement Agreement, and the Phase #2 Major Improvement Bonds will be collected at the time and in the amounts shown on the Assessment Rolls, subject to any revisions made during an Annual Service Plan Update.

The total Assessment per Lot for Phase #1 and Phase #2 are set forth below in **Tables V-D** and **V-E**, respectively.

(d) Annual Installments include the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest on the outstanding principal amount of the PID Bonds, (iii) amounts due pursuant to the PID Reimbursement Agreement, and (iv) Administrative Expense portion of the Assessment.

(b) Estimates based on information available as of June 21, 2018.

(c) Although the actual unit counts and buildout values may vary from the estimates shown above and in the Assessment Roll for Phase #2 Assessed Property, the initial assessment allocation for each Lot Type as set forth above will not change and any adjustments to unit counts or buildout values resulting in an Assessment that exceeds the Assessment for the Phase #2 Assessed Property as set forth in this SAP shall require a Mandatory Prepayment as outlined in Section VI.

(d) Annual Installments include the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest, and (iii) Administrative Expense portion of the Assessments.

F. Administrative Expenses

The Administrative Expense portion of the Assessment shall be paid for on a pro rata basis by each Parcel based on the amount of outstanding Assessment remaining on the Parcel. The benefit to the Assessed Property from administration and operation of the District, reflected in the Administrative Expenses, is at least equal to the portion of the Annual Installment attributable to Administrative Expenses that are assessed against the Assessed Property. The Administrative Expenses shall be collected as part of the Annual Installments in the amounts shown on the Assessment Roll shown on **Appendix A**, which will be revised in Annual Service Plan Updates based on actual costs incurred. Administrative Expenses do not include payment of the actual principal of and interest on the Bonds or any costs which constitute expenses payable as an expense of issuing the Bonds. Administrative Expenses collected and not budgeted for actual Administrative Expenses shall be carried forward and applied to reduce Administrative Expenses in subsequent years to avoid the over-collection of Administration Expenses. The amount of Administrative Expenses necessary for the time period commencing on the date the initial Bonds are issued and terminating on the date the first Annual Installment is due will be paid at closing, as shown on **Table IV-A**.

G. Delinquency and Prepayment Reserve

Pursuant to the PID Act, the interest rate for Assessments may exceed the actual interest rate per annum paid on the related PID Bonds by no more than one half of one percent (0.50%). The interest rate used to determine the Assessments is one half of one percent (0.50%) per annum higher than the actual rate paid on the PID Bonds (the “Additional Interest”). Additional Interest shall be collected as part of each Annual Installment as set forth on the Assessment Roll. Under the PID Bond Indenture, Additional Interest shall be deposited into a reserve account pursuant to the Indenture (the “Delinquency and Prepayment Reserve Account”) such that the balance in the Delinquency and Prepayment Reserve Account equals 5.5% of the outstanding principal balance of the PID Bonds (the “Delinquency and Prepayment Reserve Requirement”) and shall then be deposited as set forth in the Indenture. The Delinquency and Prepayment Reserve Account shall be used to pay Prepayment Costs, Delinquent Collection Costs, or to cover any deficiencies in the funds available to pay debt service on the PID Bonds, all as set forth in the Indenture. If the Delinquency and Prepayment Reserve Account contains the Delinquency and Prepayment Reserve Requirement, the Additional Interest will be allocated for the additional purposes set forth in the PID Bond Indenture, which purposes may include: (i) covering deficiencies in funds available to pay debt service on the applicable PID Bonds; paying costs associated with the prepayment of any PID Bonds, paying the costs of Administrative Expenses, and/or the redemption of PID Bonds. An initial deposit to the Delinquency and Prepayment Reserve account in the amount of \$35,000 (\$25,000 for Phase #1 and \$10,000 for Phase #2) will be made from the proceeds of the PID Bonds and the remainder of the Delinquency and Prepayment Reserve requirement will accumulate over time with the collection of the Additional Interest as part of each Annual Installment.

H. TIRZ Annual Credit Amount

The City Council, in accordance with the TIRZ Ordinance and the Development Agreement, has agreed to use a portion of TIRZ Revenues generated (the “TIRZ Annual Credit Amount”) to reduce the Annual Installment for all Assessed Property based on the desire of the City Council to maintain a competitive, composite equivalent ad valorem tax rate taking into consideration the tax rates of all

applicable taxing units and the equivalent tax rate of the Annual Installments of the Assessments based on assumed improvement values.

1. The Annual Installment for a Parcel shall be calculated from the previous tax year's TIRZ Revenues then on deposit in the "Residential Account" of the TIRZ No. 11 Tax Increment Fund, but in no event shall the TIRZ Annual Credit Amount exceed the amounts shown in Paragraph 2 immediately below for each Parcel (i.e., TIRZ Revenues collected in 2018 shall be applied as the TIRZ Annual Credit Amount applicable to Annual Installments to be collected in 2019).
2. The TIRZ Annual Credit Amount available to reduce the Annual Installment for a Parcel was calculated based on Lot Type as illustrated in **Tables V-D** and **V-E** as prepared by the City's Financial Advisor, so that the net total of the Assessment did not produce an equivalent tax rate which exceeded the competitive, composite equivalent ad valorem tax rate taking into consideration the tax rates of all applicable taxing units and the equivalent tax rate of the Annual Installments of the Assessments based on assumed improved values at the time of the PID Bonds being approved, and this calculation established the TIRZ Annual Credit Amount for all Lot Types.

i.	TIRZ Annual Credit Amount for 50' Lot Type:	\$1,135
ii.	TIRZ Annual Credit Amount for 40' Lot Type:	\$957

3. If the application of the TIRZ Annual Credit Amount results in excess TIRZ Revenues available from the Residential Account of the TIRZ Fund, such excess TIRZ Revenues shall be held in a segregated account by the City and shall be used either (i) to prepay a portion of all Assessments on the Assessed Property, on a pro rata basis, and to redeem bonds pursuant to the extraordinary redemptions provisions of the Indenture, (ii) to optionally redeem the outstanding PID Bonds on a pro rata basis pursuant to the provisions of the Indenture, or (iii) to be applied in future years in an effort to maintain a level Annual Installment schedule.
4. If the debt service on issued and outstanding PID Bonds is reduced as the result of an economic refunding of those PID Bonds or as a result of the prepayment of assessments or the redemption of PID Bonds, then there would be a corresponding reduction in both the TIRZ Annual Credit Amount, the Annual Installment owed on the Assessment, and the Assessment lien on each Assessed Property which shall be reflected in a subsequent Annual Service Plan Update.

VI. TERMS OF THE ASSESSMENTS

A. Amount of Assessments and Annual Installments for Assessed Property Located within the PID

1. *Assessed Property Located within Phase #1*

The Assessment and Annual Installments for Assessed Property located within Phase #1 of the PID are presented in **Appendix A**. No Assessment shall be changed except as authorized in an Annual Service Plan Update and the PID Act.

The Annual Installments for Phase #1 shall be collected in an amount sufficient to pay the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest with respect to the PID Bonds, (iii) amounts due pursuant to the PID Reimbursement Agreement, (iv) Administrative Expense portion of the Assessment, and (v) to pay any other costs authorized by the PID Act.

The Annual Installment for each Phase #1 Assessed Property shall be calculated by taking into consideration any available capitalized interest and TIRZ Annual Credit Amount applicable to the relevant Parcel(s) as set forth in **Section V.H** herein.

2. *Assessed Property Located within Phase #2*

The Assessment and Annual Installments for Assessed Property located within Phase #2 of the PID are presented in **Appendix A**, and no Assessment shall be changed except as authorized by an Annual Service Plan update and the PID Act. At this time, Assessed Property in Phase #2 will only be assessed for the special benefits conferred upon the property due to the Phase #2 Major Improvements.

The Annual Installments for Phase #2 shall be collected in an amount sufficient to pay the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest with respect to the PID Bonds, (iii) Administrative Expense portion of the Assessments, and (iv) to pay any other costs authorized by the PID Act.

The Annual Installment for each Phase #2 Assessed Property shall be calculated by taking into consideration any available capitalized interest and TIRZ Annual Credit Amount applicable to the relevant Parcel(s) as set forth in **Section V.H** herein.

B. Amount of Assessments and Annual Installments for Assessed Property Located Within Phase #2

As Phase #2 is developed, this Service and Assessment Plan will be amended to determine the Assessment for the Phase #2 Specific Improvements and the Annual Installments for Phase #2 Assessed Property (i.e., **Appendix A** will be updated) as a result of the special benefit conferred by the Phase #2 Specific Improvements. The Phase #2 Assessments shall not exceed the special benefit received by the Phase #2 Assessed Property.

C. Reallocation of Assessments for Assessed Property located within the PID

1. Apportionment of Assessments Upon Consolidation of Assessed Properties

Upon the consolidation of two or more Assessed Properties, the Assessment for the consolidated Assessed Property shall be the sum of the Assessments for the Assessed Properties prior to consolidation.

2. Apportionment of Assessments Upon Division of Assessed Properties

In general, the sum of the Assessments for all newly subdivided Assessed Property shall equal the Assessment for the subdivided Assessed Property prior to subdivision. The Assessment initially applicable to each Assessed Property is equal to the Assessment that corresponds to the Lot Type for such Assessed Property. Similarly, if an Assessed Property is subsequently platted, subdivided, re-subdivided or re-platted, the Assessment applicable to each resulting new Lot shall be equal to the Assessment that corresponds to the Lot Type for such Assessed Property. However, the reallocation of an Assessment for a Assessed Property may not exceed the Assessment prior to the reallocation without a Mandatory Prepayment made pursuant to **Section VI.D**. Any reallocation pursuant to this section shall be calculated by the Administrator and reflected in an Annual Service Plan Update approved by the City. The reallocation of any Assessments as described herein shall be considered an administrative action and will not require any notice or public hearing, as defined in the PID Act, by the City.

3. Non-Benefited Property to Assessed Property

In the case it has been determined that a Non-Benefited Property shall be classified as an Assessed Property (i.e. it has been determined that the property now receives benefit from the Authorized Improvements), an Assessment is hereby levied against such Assessed Property in accordance to the methodology described in this Assessment Plan, and the Assessment Roll shall be amended in the next Annual Service Plan Update.

D. Mandatory Prepayment of Assessments

An owner of Assessed Property is required to pay (i) any Assessment excess or shortfall and (ii) any Assessment for Assessed Property transferred to a party that is exempt from the payment of the Assessments under applicable law or for which the owner causes all or portion thereof to become Non-Benefited Property, plus Prepayment Costs, as described below (a “Mandatory Prepayment”).

The Mandatory Prepayments required below shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this SAP, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

1. *Assessment Excess*

If at any time the Assessment on a Lot exceeds the original Assessment calculated for the Lot as set forth in the SAP as a result of any reallocation of an Assessment authorized by this SAP and initiated by the owner of the Lot, then following compliance with the notice and hearing requirement of the PID Act, unless a waiver is obtained from the owner of the Lot, such owner shall pay to the City prior to the recordation of the document subdividing or re-subdividing the Lot the amount calculated by the Administrator by which the new Assessment for the Lot exceeds the original Assessment for the Lot.

2. *Assessment Shortfall*

If at any time the Assessment on a Lot is less than the original Assessment calculated for the Lot as a result of any reallocation of an Assessment authorized by this SAP and initiated by the owner of the Lot, then, such owner shall pay to the City prior to the recordation of the document subdividing or re-subdividing the Lot the amount calculated by the Administrator by which the new Assessment for the Lot is less than the original Assessment for the Lot.

3. *Transfer of Assessed Property to Exempt Party and Conversion of Assessed Property to Non-Benefited Property*

If an Assessed Property or portion thereof is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes an Assessed Property or portion thereof to become Non-Benefited Property, the owner of such Assessed Property or portion thereof shall pay to the City the full amount of the Assessment, plus all Prepayment Costs, for such Assessed Property or portion thereof prior to any such transfer or act.

E. Reduction of Assessments

If, after all Authorized Improvements to be funded with a series of PID Bonds have been completed, and the Actual Costs for the Authorized Improvements are less than the estimated costs used to calculate the Assessments securing such PID Bonds resulting in excess Assessments, then the City shall, in accordance with the Indenture related to such series of PID Bonds, reduce the Assessments securing the series of PID Bonds for each applicable Assessed Property pro rata such that the sum of the resulting reduction in such Assessments equals the reduced Actual Costs. The Assessments shall not be reduced to an amount less than the amount due on the related outstanding PID Bonds and any related reimbursement agreement.

Similarly, if any of the Authorized Improvements to be funded with a series of PID Bonds are not undertaken resulting in excess PID Bond proceeds, then the City may, in its discretion and in accordance with the applicable Indenture, reduce the Assessment for each Assessed Property securing such PID Bonds pro-rata to reflect only the Actual Costs that were expended and deposit and apply such excess PID Bond proceeds as described in the paragraph above or as authorized in the Indenture.

The Assessments shall not be reduced to an amount less than the amount due on the related outstanding series of PID Bonds and any related reimbursement agreement. If all of the Authorized Improvements are not completed, the City may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

If all of the Authorized Improvements are not undertaken resulting in excess PID Bond proceeds, then the City shall, at its discretion and in accordance with the applicable Indenture, reduce Assessments and Annual Installments for each applicable Assessed Property on a pro rata basis to reflect only the amounts required to repay the PID Bonds, including interest on the PID Bonds and Administrative Expenses, and such excess PID Bond proceeds shall be applied to redeem PID Bonds as set forth in the applicable Indenture. The assessments shall not, however, be reduced to an amount less than the amount due on the related outstanding PID Bonds and any related reimbursement agreement.

The City Council may reduce the Assessments and the Annual Installments for Assessed Property (i) in an amount that represents the Authorized Improvements provided for each property; (ii) by an equal percentage calculated based on Equivalent Units; or (iii) in any other manner determined by the City Council to be the most fair and practical means of reducing the Assessments for Assessed Property, such that the sum of the resulting reduced Assessments equals the amount required to repay the PID Bonds, including interest on the PID Bonds, the Administrative Expenses portion of the Assessment, and the amount owed under any reimbursement agreement.

F. Payment of Assessments

1. Payment in Full

The Assessment for any Assessed Property may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of PID Bonds, the payment amount shall be reduced by the amount, if any, of reserve funds applied to the redemption under the Indenture, net of any other costs applicable to the redemption of PID Bonds as set forth in the applicable Indenture.

If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

If an Assessment is paid in full: (i) the Administrator shall cause the Assessment to be reduced to zero and the Assessment Roll to be revised accordingly; (ii) the Administrator shall cause the revised Assessment Roll to be approved by the City Council as part of the next Annual Service Plan Update; (iii) the obligation to pay the Assessment and corresponding Annual Installments shall terminate; and (iv) the City shall provide the Owner with a recordable notice that the lien on such Assessed Property has been released by the City. If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.

If an Assessment is prepaid in part: (i) the Administrator shall cause the Assessment to be reduced by the amount of such partial prepayment in a manner conforming to the provisions of the Indenture and the Assessment Roll revised accordingly; (ii) the Administrator shall cause the revised Assessment

Roll reflecting such partial prepayment to be approved by the City Council as part of the next Annual Service Plan Update; and (iii) the obligation to pay the Assessment and corresponding Annual Installments shall be reduced to the extent the partial payment is made.

2. *Payment in Annual Installments*

The PID Act provides that an Assessment for any Assessed Property may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the City to collect principal, interest, Additional Interest, and Administrative Expenses in installments. An Assessment for Assessed Property that is not paid in full will be collected in Annual Installments each year in the amounts shown on the Assessment Roll, as updated and provided for herein. Payment of the Annual Installments shall commence with tax bills mailed in 2018 and shall be delinquent February 1, 2019.

The Assessment Roll sets forth for each year the Annual Installment for each Assessed Property consisting of the (i) annual principal amount due on the Assessments, (ii) annual interest amount due on the Assessments including the Additional Interest with respect to the PID Bonds, (iii) amounts due pursuant to the PID Reimbursement Agreement, if applicable, and (iv) Administrative Expense portion of the Assessments. The Annual Installments may not exceed the amounts shown on the Assessment Roll in **Appendix A**.

The Annual Installments shown on the Assessment Roll shall be adjusted to equal the Actual Costs of repaying the Phase #1 Bonds and the Phase #2 Major Improvement Bonds including Additional Interest, the PID Reimbursement Agreement, and Administrative Expenses. In addition, the City may adopt additional Assessment Roll(s) relating to the Authorized Improvements within the PID and the issuance of future PID Bonds.

The City reserves and shall have the right and option to refund PID Bonds in accordance with **Section 372.027** of the PID Act and the Indenture related to such PID Bonds. In the event of issuance of refunding bonds, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installment so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the debt service on the refunding bonds when due and payable as required by and established in the ordinance and/or the Indenture authorizing and securing the refunding bonds plus interest generated from the Additional Interest rate, and such refunding bonds shall constitute "PID Bonds" for purposes of the SAP.

G. Collection of Annual Installments

The Administrator shall, no less frequently than annually, prepare and submit to the City Council for its approval an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Assessed Property. Administrative Expenses shall be allocated among Assessed Properties in proportion to the amount of the Annual Installments for the Assessed Property. Each Annual Installment shall be reduced by any credits applied under the Indenture, such as capitalized interest, interest earnings on any account balances, and any other funds available under the applicable Indenture for such purpose, including any existing deposits for a Delinquency and Prepayment Reserve. Annual Installments may be collected by the City (or such entity to whom the City directs) in the same manner and at the same time as ad valorem taxes.

Annual Installments shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as set forth in the PID Act. The City Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the PID Act.

Any sale of Assessed Property for nonpayment of the delinquent Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such Assessed Property and such Assessed Property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such Assessed Property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually and each Annual Installment shall be delinquent if not paid prior to February 1 of the following year. The initial Annual Installments relating to the Phase #1 Bonds, the PID Reimbursement Agreement, and the Phase #2 Major Improvement Bonds shall be due when billed and will be delinquent if not paid prior to February 1, 2019.

The City or County Tax Assessor/Collector or another collection entity engaged by the City will invoice each owner of property for the Annual Installment payment at approximately the same time as the County's annual property tax bill, and the Annual Installments shall be due and payable, and incur penalty and interest for unpaid Annual Installments in the same manner as provided for property taxes. Thereafter, subsequent Annual Installments shall be due in the same manner in each succeeding calendar year until the Assessment, together with interest, Additional Interest, amounts due pursuant to the PID Reimbursement Agreement (if applicable), and Administrative Expenses as provided in this SAP, has been paid in full.

Failure of an owner to receive an invoice for an Annual Installment on the property tax bill shall not relieve the owner of the responsibility for payment of the Assessment. Assessments, or Annual Installments thereof, that are delinquent shall incur Delinquent Collection Costs. The City may provide for other means of collecting the Annual Installments to the extent permitted by the Act.

The Assessments are personal obligations of the person owning the Assessed Property in the year an Annual Installment payment becomes due, and only to the extent of such Annual Installment. Any sale of property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such property and such property may again be sold at a judicial foreclosure sale if the purchaser thereof fails to make timely payment of the non-delinquent Annual Installments against such property as they become due and payable.

As Phase #2 is developed in connection with the issuance of PID Bonds for the Phase #2 Specific Improvements, this Service and Assessment Plan will be updated.

C. Annual Assessment Roll Updates

The Administrator shall prepare, and shall submit to the City Council for approval, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the City and permitted by the PID Act: (i) the identification of each Parcel and Lot; (ii) the Assessment for each Lot of Assessed Property, including any adjustments authorized by this Service and Assessment Plan and the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided in **Section V** of this Service and Assessment Plan. The Service and Assessment Plan Update shall reflect the actual interest on the PID Bonds on which the Annual Installments shall be paid plus Additional Interest, any reduction in the Assessments, and any revisions in the Actual Costs to be funded by the PID Bonds and Owner funds.

VIII. MISCELLANEOUS PROVISIONS

A. Administrative Review

To the extent consistent with the PID Act, an owner of Assessed Property claiming that a calculation error has been made in the Assessment Roll, including the calculation of the Annual Installment, shall send a written notice describing the error to the City not later than thirty (30) days after the date the invoice or other bill for the Annual Installment is received. If the Owner fails to give such notice, such Owners shall be deemed to have accepted the calculation of the Assessment Roll (including the Annual Installments) and to have waived any objection to the calculation. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred. The City may elect to designate a third party who is not an officer or employee of the City to serve as administrator of the PID.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Property owner, such change or modification shall be presented to the City Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Property owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the City Council. Any amendments made to the Assessment Roll pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the City Council, the decision of the City Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. Termination of Assessments

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the City shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination."

C. Amendments

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The City Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels: (i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; and (iii) to provide

procedures for the collection and enforcement of Assessments, Prepayment Costs, Delinquent Collection Costs, and other charges imposed by the Service and Assessment Plan.

D. Administration and Interpretation of Provisions

The City Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act, and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Indenture. Such determinations shall be final, binding, and conclusive.

E. Severability

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to Assessed Property or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the City Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the City
